Blended Learning Programmes in Malta

The more intensive blended learning programme takes place in Malta. This involves implementation of subject course modules in parallel with the final research project. Additional on-site support classes are provided to allow for programme implementation in the reduced timeframe of 52 weeks.

Advenio eAcademy has a strategic collaboration with the reputed Easy School of Languages in Valletta and shares the ESL Training Centre in Valletta for the delivery of on-site support classes for the blended-learning programmes in Malta. These premises combine the charm of a historic palazzo with the convenience and facilities expected in a modern educational institution.

Through this collaboration, Advenio eAcademy is also able to offer combi-programmes linking its academiic progammes with English language tuition for blended learning or online learning programmes.

8 Intakes / Year

In collaboration with:

University of Bari Aldo Moro, ITALY

University of Ioannina, GREECE

Vilnius University, LITHUANIA

University of Zilina, SLOVAKIA

OVERVIEW TO Bachelor's Degree In Entrepreneurship MQF/EQF Level 6

based on Recognition of Prior Learning

Advenio eAcademy

Established in 2013, Advenio eAcademy is a Further & Higher Education Institution (FHI) based in Malta, (MFHEA Licence number: 2013-FHI-006) which caters for an international clientele of discerning educational service providers and learners. It provides the opportunity for participating educational institutions and training organisations to move beyond the constraints of physical premises. It allows them to embrace a virtual campus which allows for the development and deployment of state-of-the-art educational and training programmes that really add value to the students.

Advenio eAcademy was the first organization in Malta providing on-line certified courses licensed by the Malta further and higher Education Authority in Malta, MFHEA. The e-learning platform used is the award winning eB-Learn solution developed and maintained by E-Business Systems, the web solutions arm of AllSecure Ltd. eb-Learn provides resource libraries, audio-visual and video presentations, forum and wiki capabilities, and integrates video conferencing facilities to allow for one-to-one or one-to-many coaching or tutorial sessions.

"Advenio eAcademy is committed to the design, development and implementation of quality certified on-line courses in Entrepreneurship and related topics to provide executives in the SME sector with EU recognised qualifications that assist them in the running of their businesses and demonstrate their competence and professionalism.

Advenio eAcademy develops local and international collaborations with Higher Education Institutes, professional bodies, NGOs and private sector firms, to develop customised elearning solutions which meet the requirements of specific market segments and user groups."

Bachelor's Degree in Entrepreneurship

Following the successful launch of the programme in 2021, Advenio eAcademy as the awarding body, in collaboration with University of Bari, Aldo Moro, Italy; University of Ioannina, Greece; Vilnius University, Lithuania; and University of Žilina, Slovakia offer the ARPEL based Bachelor's Degree in Entrepreneurship.

The online programme is delivered over a period of 84 weeks and the blended programme is delivered over a period of 64 weeks, where the research project run in parallel with the subject modules. The Stage 1 ARPEL process is primarily system based and will include one or more online interviews as part of the evaluation process. During Stages 2 and 3, in addition to the self-learning elements, students would be required to attend one weekly online tutorial/workshop.

As from October 2023 intake, developing competency in the use of AI tools is a priority. Entrepreneurs cannot afford to miss the technology innovations that will impact most sectors. All modules will include use of AI tools, ensuring that students develop the necessary skills and competencies.

Stage 1: ARPEL Process
